## **How I operate**

Please note the following:

The school functions on a **term basis** with breaks being taken during government school holidays.

Fees are due monthly, **paid upfront** at the **beginning of each month**. Cash is preferable but EFT is also fine.

**Please note** - Missed lessons - Fees cannot be deducted in lieu of lessons missed / forgotten etc. If a lesson is cancelled on the day or is forgotten, that lesson can unfortunately not be made up. If a lesson is missed due to **illness** I will try my best to make a plan to catch these up.

If I have to cancel a lesson for any reason (and I will try to do so as timeously as the situation allows), these lessons will be made up or deducted off fees, whichever is agreed upon.

I try to expose my students to at least one **performance opportunity** a year – these are not compulsory but are definitely beneficial and are only ever done in a non-threatening and casual environment. If students wish, they can be entered into Eisteddfod's and exams – this is purely voluntary – please note that there are extra fees for the various establishments involved as well as accompanist fees.

If you wish to stop your singing / piano lessons, please note that **a month's notice** is required.
